

Quality and Hygiene Policy Statement

HiFi Polyester Film Ltd. will make every effort to exceed the quality, service and hygiene expectations of our customers and other interested parties by following the procedures and guidelines laid out by ISO 9001:2015 and the BRC Global Standard for Packaging and Packaging Materials Issue 7.

The Board of Directors and Senior Managers are committed to providing a quality assured product that is safe to use in contact with food products or other environments that require a high standard of hygiene. We further believe that operation to these standards is the responsibility of everyone working for HiFi Polyester Film Ltd. and the management team will give suitable training to our employees to ensure that these standards are maintained.

We will actively seek to identify and implement improvements to our quality and hygiene systems when applicable, identify quality objectives and ensure our products meet the Global Standard for Food Safety and complies with legal and regulatory requirements set by EU directives and other bodies as necessary.

We will make appropriate resources available to ensure that we are committed to continuously improving the sites food and quality culture at every stage of our process to ensure that we meet the requirements of the BRC Global Standard for Packaging and Packaging Materials Issue 7, and those of ISO 9001:2015.

We will review our quality and hygiene systems at regular intervals in order to satisfy ourselves that we meet the obligations and responsibilities required to produce safe and legal products for our customers.
