

Product Description:

UVJ Clear is a UV Printable sparkling optically clear polyester film. The product can be used in backlit display applications where the light box is fitted with a diffuser, or for many other applications where a printable clear film is required.

Key Features:

- Fully printable both sides on UV inkjet machines such as the Zund, Inca Eagle & Colombia, Vutek Press Vu, Nur Tempo and Durst Rho 160
- Can be reverse printed to give a superb surface gloss, in both printed and non-printed areas
- Reverse printing also protects the imaging surface from damage
- Glass smooth surface gives extremely good print adhesion
- Superior dimensional stability and flatness
- Produces prints with excellent contrast between colours
- Strong, robust print media for long lasting displays
- UVJ Clear 125 microns is available in both reel sheet formats

Storage

Recommended storage conditions: 10°C – 25°C; 20% – 50% RH
Shelf Life: 12 months from delivery date (under recommended storage conditions)
